

February 2019

Dear Sir or Madam,

Subject: Tatling End Housing Project

Willmott Dixon Construction Ltd has been appointed by South Bucks District Council as the main contractor to redevelop the former Gerrards Cross Police Station site in Tatling End.

Willmott Dixon is a privately-owned contracting and interior fit-out group. Founded in 1852, we are family run and dedicated to leaving a positive legacy in our communities and environment.

The Tatling End Housing Project will involve the demolition of the existing residential dwellings and former Gerrards Cross Police Station, followed by the creation of a new development comprising of 34 new homes with associated car parking and access road.

The new homes will be built in three two-storey blocks and one three-storey block. The specification for these new homes will meet the requirements for 40% social housing and 60% private rented accommodation.

Further details on the development can be found on the South Bucks District Council website.

Attached is the first newsletter for the project, which contains some key information including an introduction to the site team. Also attached is a questionnaire that we hope will allow you to tell us about any concerns that you have regarding this project. Please take the time to complete and return it for my attention to Willmott Dixon House, 80 Wilbury Way, Hitchin, Herts, SG4 0TP or by email to G00669.TatlingEndGerrardsCrossformerPoliceStation@willmottdixon.co.uk

We are committed to delivering the project safely and we look forward to working with you on this project to achieve this goal

Yours faithfully

Matthew Weatherby
